

E-COMMERCE CAMPAIGN

Launching the Everyday Carry Backpack

1. Project Overview

This portfolio project demonstrates an e-commerce copywriting campaign for a fictional product: the Everyday Carry Backpack. The campaign is designed for an online store selling practical lifestyle and travel products.

The goal is to show how one product can be positioned and adapted across a product page, paid advertising, email marketing, and social media while keeping the main message consistent.

All brand, product, customer, and campaign details are fictional. This is self-directed portfolio work and does not represent paid client work.

2. Product Overview

- Product: Everyday Carry Backpack
- Category: Lifestyle and travel accessories
- Target customer: Students, professionals, commuters, and frequent travelers
- Main use: Carrying laptops, notebooks, chargers, clothing, and everyday essentials
- Key features: Padded laptop compartment, multiple storage sections, water-resistant outer material, lightweight design, and comfortable shoulder straps

3. Target Audience

- University students carrying laptops and books
- Remote and office workers commuting with technology
- Freelancers working from different locations
- Travelers who want one practical bag for short trips
- Customers who prefer organized storage instead of one large compartment

4. Customer Problems

- Laptop and accessories are difficult to organize in a normal backpack.
- Small items get lost inside large compartments.
- Heavy bags can become uncomfortable during commuting.
- Customers want a bag that works for both work and travel.
- People want practical features without an overly complicated design.

5. Positioning

The Everyday Carry Backpack is positioned as a practical, organized bag for people who carry technology and everyday essentials. Instead of focusing only on appearance, the campaign emphasizes organization, comfort, and versatility.

6. Core Message

Everything you need for work, study, and everyday travel — organized in one comfortable backpack.

7. Product Page Copy

Headline

One Backpack. Everything in Its Place.

Subheadline

A practical everyday backpack designed to keep your laptop, accessories, and essentials organized without making your daily carry complicated.

Product Description

Your daily bag should make carrying your essentials easier, not harder.

The Everyday Carry Backpack gives your laptop, charger, notebook, water bottle, and smaller accessories their own place. The padded laptop compartment helps protect your device, while multiple storage sections make it easier to find what you need.

Its lightweight design and comfortable shoulder straps make it suitable for commuting, studying, working from a café, or packing for a short trip.

One bag. Multiple uses. Less searching.

Key Benefits

- Keep your laptop in a dedicated padded compartment.
- Organize chargers, cables, notebooks, and smaller accessories.
- Carry everyday essentials without unnecessary bulk.
- Use the same bag for work, study, commuting, and short trips.
- Stay organized while moving between locations.

11. Email Campaign

Email 1 — Product Introduction

Subject: Your everyday carry just got easier

Your daily essentials deserve more than one oversized compartment.

The Everyday Carry Backpack is designed to keep your laptop, accessories, notebooks, and other essentials organized and easy to reach.

Work. Study. Commute. Travel.

One bag can handle all four.

CTA: Shop the Everyday Carry Backpack

Email 2 — Problem and Solution

Subject: Stop digging through your backpack

If you have ever searched through your backpack for a charger buried under everything else, you know how frustrating poor organization can be.

The Everyday Carry Backpack gives your most-used items dedicated storage, helping you spend less time searching and more time getting where you need to go.

CTA: See the Backpack

Email 3 — Purchase Reminder

Subject: Ready to simplify your daily carry?

A better everyday bag does not need to be complicated. It needs to work.

Keep your laptop protected, your accessories organized, and your essentials within reach.

CTA: Shop Now

12. Social Media Content

Instagram

A backpack should do more than hold your stuff.

It should help you organize it.

Laptop. Charger. Notebook. Headphones. Water bottle. Everyday essentials.

One organized bag for wherever your day takes you.

LinkedIn

Your workday does not always happen at a desk.

A client meeting, a university class, a café, a coworking space, and the commute between them can all be part of the same day.

The Everyday Carry Backpack is designed for people who need their work essentials with them wherever they go.

X / Twitter

A good everyday backpack should answer one question: "Where did I put that?"

With organized storage for your laptop, accessories, and daily essentials, finding what you need becomes a lot easier.

13. Customer Objections and Responses

- Objection: "I already have a backpack." Response: Position the product around organization and multiple everyday uses rather than simply being another bag.
- Objection: "Is it suitable for laptops?" Response: Highlight the dedicated padded laptop compartment and provide exact supported device sizes on the product page.
- Objection: "Is it comfortable for commuting?" Response: Explain the lightweight design and comfortable shoulder straps.
- Objection: "Can I use it for travel?" Response: Explain how the storage layout can handle short trips and everyday travel essentials.
- Objection: "Why should I buy this instead of a cheaper bag?" Response: Focus on organization, practical features, durability information, and the overall use case rather than making unsupported claims.

14. A/B Testing Plan

- Test A: Feature-focused headline vs. benefit-focused headline.
- Test B: Product image showing the backpack alone vs. lifestyle image showing someone using it.

- Test C: Short ad copy vs. problem-solution ad copy.
- Test D: "Shop Now" CTA vs. "See the Backpack" CTA.
- Test E: Organization-focused messaging vs. work-and-travel messaging.

15. Metrics to Monitor

- Click-through rate
- Add-to-cart rate
